A WORD FROM THE PRESIDENT

In July of 2025, GPU organized its 7th Photo Festival, this time in Krakow, a city rich in history, culture, and a strong photographic character. For nine days, 90 members and friends of our organization from different countries shared a common experience. We explored the city and its surrounding areas, discovered new places, captured images, and most importantly, spent time together. It was not only a photographic journey, but also an opportunity to strengthen relationships, exchange ideas, and build new connections.

This photo album was created to keep alive the moments we shared during this festival. Like a large and friendly photographic family, we walked, photographed, discussed, laughed, and created together. New friendships were formed, existing ones grew stronger, and the sense of community among us deepened.

I would like to express my sincere appreciation to all the participants — photographers, friends, and companions — who traveled to Krakow and contributed to the success of this festival. A special thank you to everyone who submitted their photographs for this album.

I would also like to thank the GPU Board Members and supporters for their continuous support.

And finally, my warm thanks to our secretary general, Marija, for making this publication a reality and for helping transform our shared experience into a book that will remain a memory of this unique festival.
